Biofeedback Dental Assessment and Solution Program includes items from 5 different panels. The ones typed in **blue** are the frequencies that resonated with you, and were ran for 30 minutes of harmonization.

You will also receive a 10 minute audio file snippet of your tunes. Feel free to listen to them up to 30 minutes per day. Make sure you drink a glass of water before and after listening to these frequencies. These tunes are only effective for 7 days. After that, they will no longer resonate and be beneficial for your body, since you have changed and you require a new set of tunes that resonates with the new you!
